5. A description of the applicable best management practices which will be implemented during the forest practice in accordance with section (c).
6. A description of any proposed variation(s) from the best management practices specified in section (c) and the justification for such variation(s).
7. A description of each forest stand to be harvested.
8. The color(s) of flagging materials or paint to be used in accordance with subsection (13)(A).
9. A description of the method of tree marking to be used at the site and color(s) to be used in accordance with subsection (c)(6)(A) and a description of the size, species, quantity and quality of trees to be cut which are less than 12 inches in DBH.
10. An 8 1/2 " by 11 " copy of the relevant portion of a United States Geological Survey (USGS) quadrangle map, with a scale of 1:24,000, showing the exact location of the operating area. Identify the quadrangle name and number on such copy.
11. A map of the site ("site map") of a scale sufficient to identify each proposed operating area; all legal boundaries which are located within 100 feet of each such operating area; each proposed skid road, landing, and haul road; each such river, stream, brook, lake, pond, marsh, forested swamp, and vernal pool which is within such operating area or which is outside such area but may be impacted by the subject forest practice(s); the boundaries of each operating area; any dwelling or other structure of any kind, if present, and the map/block/lot number(s) of the site from the local assessor's records.
12. The signature of a supervising forest products harvester or a forester certified in accordance with section 23-65h of the General Statutes who shall certify in writing as follows:

"I certify that, based on reasonable investigation, the forest practices which are the subject of this application are consistent the requirements of the Kent Inland Wetlands Commission to the best of my knowledge and belief. I am aware that there are significant penalties for false statements in this certification, including the possibility of fine and imprisonment for knowingly making false statements. "
13. The signature(s) of the landowner(s) of record upon which the forest practices are to occur, the applicant, if different, and the individual(s) who are responsible for actually preparing the application, each of who shall certify in writing the following:

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, the submitted

information is true, accurate and complete to the best of my knowledge and belief. I understand that a false statement made in the submitted information may be punishable as a criminal offense, in accordance with section 22a-6 of the General Statutes, pursuant to section 53-157b of the General Statutes, and in accordance with any other applicable statute.

14. Notice to Abutting Landowners

The applicant shall send certified mail or personally deliver a notice to abutting landowners where the operating area is located. Such notice shall be sent or delivered after filing the application, but at least three days prior to the commencement of harvesting. The name and address of the abutting landowners shall be determined from the current municipal tax maps and/or assessment records. Such notice shall include the following:

- (A) Legal name(s), address (es), and signature(s) of the landowner(s) and the applicant, if the applicant different than the landowner.
- (B) A copy of the site map filed with the application.
- (C) A statement that an application has been filed with the Commission pursuant to the Forest Practices of the Kent Inland Wetlands Commission seeking authorization to conduct a forest practice.

The undersigned applicant hereby consents to necessary and proper inspections of the above-mentioned property by the Commission and its authorized agents, at reasonable times, both before and after the permit in question has been granted by the Commission.

The undersigned swears that the information supplied in the completed application is accurate, to the best of his knowledge and belief.
